

## ASCRS Lectureships History 1990 – 2020

| <u>Year</u> | <u>Lecture</u>  | <u>Speaker</u>  | <u>Topic</u>   |
|-------------|---|---|--|
| 1990        | Harry E. Bacon, MD Lectureship<br>Joseph M. Mathews, MD Oration<br>Memorial Honoring William M. Beach, MD<br>Norman Nigro, MD Research<br>Lecture not named<br>Lecture not named<br>Lecture not named   | Ira Kodner, MD<br>Stuart Quan, MD<br>John Northover, MS, FRCS<br>Michael J. O’Connell, MD<br>Charles N. Kahn, III<br>Glenn R. Markus<br>Leon C. Hirsch  | The Adjuvant Use of Preoperative Radiation Therapy for Rectal Cancer<br>A Plea for Sanity<br>Trials and Tribulations in Colorectal Cancer<br>Adjuvant Therapy for Colorectal Carcinoma<br>Physician Payment Reform and Its Implications for Medicare Policy<br>Medicare Payment Reform – Implications for Surgery<br>The Threat of Animal Right Activism to Colorectal Surgery   |
| 1991        | Harry E. Bacon, MD Lectureship<br>Memorial Honoring Robert Scarborough, MD<br>Norman Nigro, MD, Research<br><br>Lecture not named<br>Lecture not named<br><br>Lecture not named   | Mark Killingback, MD<br>Ken Forde, MD<br>Richard Re, MD<br><br>Peter Hawley, MS FRCS<br>R. Lamar Cali, MD<br><br>James S. Todd, MD  | Circular Staple Stenosis in Rectal Anastomoses<br>Lower Gastrointestinal Bleeding – Current Perspectives<br>New Paradigms in Oncogenesis and Their Implications for Surgery in the 21 <sup>st</sup> Century<br>Coloanal Anastomoses in Malignant and Benign<br>1990 ASCRS/Ethicon Award Winner: “The Effects of Corticosteroids and Prostaglandins in Colonic Anastomotic Healing”<br>Miles to Go and Things to Do   |
| 1992        | Harry E. Bacon, MD Lectureship<br><br>Joseph M. Mathews Oration<br>Memorial Honoring William C. Bernstein, MD<br>Norman Nigro, MD Research<br>Lecture not named<br>Lecture not named<br><br>Lecture not named<br>Lecture not named<br>Lecture not named | Alberto Pena, MD<br><br>Malcolm Veidenheimer, MD<br>Paul J. Finan, MD<br>Ellen Vitetta, PhD<br>David Eddy, MD, PhD<br>Peter Lorenz, MD<br><br>Xi-Geng Zhou, MD<br>Les Bokey, MD<br>Yury A. Shelygin, MD | The Posterior Approach for the Management of Anorectal Malformations, Implications in Adult Colorectal Surgery<br>Has the Cream Risen?<br>Familial Colorectal Cancer – The Surgeon’s Dilemma<br>Immunotoxin Therapy of Cancer<br>Medicine, Money and Mathematics: Problems and Solutions<br>1991 ASCRS/Ethicon Award Winner: “Fetal Wound Healing: The Role of the Extracellular Matrix”<br>Progress in the Surgical Treatment of Rectal Cancer in Shanghai<br>Morbidity and Mortality following Resection of Colon and Rectal Cancer<br>Surgical Treatment of Patients with Smooth-Muscle Tumors of Rectum  |
| 1993        | Harry E. Bacon, MD Lectureship<br>Memorial Honoring Raymond J. Jackman, MD<br>Norman Nigro, MD Lectureship<br>Lecture not named<br><br>Lecture not named<br>Lecture not named<br>Lecture not named<br>Lecture not named<br><br>Lecture not named        | Russell Stitz, MD<br>R. D. James, MD<br>C. Richard Boland, MD<br>Robert Fry, MD<br><br>Lester Rosen, MD<br>Bartholomaeus Bohm, MD<br>R. Faser Triplett, MD<br>James Haug<br><br>Thomas H. Dailey, MD    | Ileoanal Reservoir: Mucosectomy and Function Can be Compatible<br>The European Experience with Adjuvant Therapy for Colorectal Cancer<br>Pathogenesis of Colorectal Cancer<br>President, Program Directors’ Assoc.: Colorectal Surgical Training: A Matter of Numbers and Quality?<br>Practice Parameters: Implications for the Colorectal Surgeon<br>1992 ASCRS/Ethicon Award Winner: “Intestinal Laser Assisted Anastomosis”<br>Medicine’s Voice in Health Systems Reform<br>Socioeconomic Dept., American College of Surgeons: “Update on Socioeconomic Issues Affecting Surgery”<br>Chairman, Strategic Health Initiatives Committee “Strategic Health Initiatives Project Report“ |

| <u>Year</u> | <u>Lecture</u>   | <u>Speaker</u>  | <u>Topic</u>  |
|-------------|--|---|---|
| 1994        | Harry E. Bacon, MD Lectureship<br>Joseph M. Mathews, MD Oration<br>Memorial Honoring Durand Smith, MD<br>Norman Nigro, MD Research<br>Lecture not named  | Graham Newstead, MD<br>Eugene Salvati, MD<br>Neil Mortensen, MD<br>John Allen, MD<br>Michael P. Carroll, MD   | Incomplete Mucosal Prolapse: Management of a Clinical Spectrum<br>Reminiscing<br>Strategies in Complicated Crohn's Disease<br>New Frontiers in Colon Cancer: Bringing Molecular Biology to Clinics<br>1993 ASCRS/Ethicon Award Winner: "Efficacy of Radio Protective Agents in Preventing Small and Large Bowel Radiation Injury"   |
| 1995        | Harry E. Bacon, MD Lectureship<br>Memorial Honoring David G. Jagelman, MD<br>Norman Nigro, MD Research<br>Lecture not named<br>Lecture not named<br>Lecture not named<br>Lecture not named           | Norman Williams, MD<br>Col. Richard M. Satava, MD<br>Stanley Hamilton, MD<br>Jeffrey Milsom, MD<br>Phil Gold, MD<br>David Lubowski, MD<br>Lloyd MacLean, MD | The Management of Low Rectal Cancer<br>Surgery 2001: Laparoscopy, Virtual Reality & Tele-presence Surgery<br>The Genetics to Colorectal Cancer<br>Adjuvant Therapy for Colorectal Cancer: Summary of Trials<br>The Study of CEA 1965-1995: My Life in a "Millimorgan"<br>The Pathology of Obstructed Defaecation – A New Approach<br>Medicare in Canada – A 25 Year Follow-up                 |
| 1996        | Harry E. Bacon, MD Lectureship<br>Joseph M. Mathews, MD Oration<br>Memorial Honoring Rupert B. Turnbull, MD<br>Norman Nigro, MD Research<br>Lecture not named<br>Lecture not named                   | Sir Miles Irving<br>J. Byron Gathright, Jr., MD<br>Victor Fazio, MD<br>Bill Heald, MD<br>Les Bokey, MD<br>David Vining, MD                                  | Evidence Based Colorectal Surgery: What is the Evidence?<br>Changing Times, Hard Times, Time's A-wasting<br>The Evolution of Surgery for Ulcerative Colitis<br>Abdomino-perineal Excision – A Threatened Operation<br>Factors Affecting Outcomes following Excision of the Rectum for Cancer<br>Virtual Colonoscopy   |
| 1997        | Harry E. Bacon, MD Lectureship<br>Memorial Honoring Dr. Donald Traul<br>Norman Nigro, MD Research<br>Lecture not named<br>Lecture not named<br>Lecture not named<br>Lecture not named                | Rolland Parc, MD<br>David J. Schoetz, Jr., MD<br>Rick Fishel, PhD<br>Ira Kodner, MD<br>Stephan Targan, MD<br>Angelita Habr-Gama, MD<br>Michael Levitt, MD   | Colonic-Pouch Anal Anastomosis for Rectal Cancer<br>Who Are We and Where Should We Go?<br>Molecular Genetics of Hereditary Colorectal Cancer<br>Genetics and Hereditary Colorectal Cancer for the Practicing Surgeon<br>Medical Treatment of Inflammatory Bowel Disease<br>Trends in the Management of Diverticular Disease of the Colon<br>Factors Influencing the Volume and Odor of Flatus |
| 1998        | Harry E. Bacon, MD Lectureship<br>Joseph M. Mathews, MD Oration<br>Memorial Honoring Dr. Donald M. Gallagher<br>Norman Nigro, MD Research<br>Ernestine Hambrick, MD Lectureship<br>Lecture not named | Paul Hermaneck, MD<br>H. Whitney Boggs, Jr., MD<br>Susan Pauker, MD<br>Prof. John Northover<br>Eugene Salvati, MD<br>Stephen Hanauer, MD                    | The Impact of Surgeon Technique on Outcome after Treatment of Rectal Cancer<br>A Time for Change<br>The Real Issues of Genetic Screening<br>Anal Cancer: The UKCCR Study?<br>The Evolution of Office Management of Hemorrhoids<br>Prophylaxis after Resection for Crohn's Disease   |
| 1999        | Harry E. Bacon, MD Lectureship<br>Memorial Honoring John C. Goligher, MD<br>Norman Nigro, MD Research<br>Ernestine Hambrick, MD Lectureship  | Sir Miles Irving<br>Marvin Corman, MD<br>Les Bokey, MD<br>Herand Abcarian, MD   | Intestinal Failure in Crohn's Disease and Management<br>Traditions, Trials and Treatises<br>Rectal Cancer: Can Surgical Technique Influence Recurrence and Survival?<br>Conventional and Unconventional Therapy for Fistula in Ano  |
