

Meet Executive Council Member, Dr. Glenn Ault

I am the proud dad of two children, Justin and Taylor. Taylor has just started medical school this fall at the Uniformed Services University of the Health Sciences in Bethesda, MD and serves our country as a 2nd Lieutenant in the US Army. Justin is completing his degree in history with a goal of teaching at the College level.

ASCRS Members -

It is a pleasure to meet you! My name is Glenn Ault, and I have had the pleasure of serving you on the ASCRS Executive Council for the last two years. I have enjoyed my time on the council, learning about the inner workings of the Society and striving to find ways to serve our membership better. Prior to the Executive Council, I served on the Regional Society committee, Continuing Education Committee and the Operative Competency Evaluation Committee. I am a Professor of Surgery at the Keck School of Medicine at the University of Southern California where I have been my entire career.

I have spent most of my career focused on CRS education. I earned a master's degree in education while a surgical resident and have applied that knowledge to the positions that I have held including:

- Past Program Director of the CRS Residency at USC
- Past President of the APDCRS
- Immediate Past Chair of the CRS Review Committee at the ACGME
- Past President of the American Board of Colon and Rectal Surgery

Besides my clinical work, I currently hold the position of Senior Associate Dean for GME and DIO for the Keck School.

One of my greatest blessings in life has been to work with my amazing colleagues in CRS not only at USC but nationally in the various positions I have held!

In my spare time, I am an Eagle Scout and a national volunteer for Scouting America and will serve as the chairman of the 2026 National Scout Jamboree where we will welcome 20,000 scouts for a 10-day adventure in West Virginia. I am an avid hiker and have summited Mt. Whitney in the Sierra Nevada's, the highest peak in the continental US.
